

Clearwater Fly Casters Scholarship

**Applications
Due February 18, 2020**

**Possible two awards
up to \$1500 each**

Scholarship information:

Any undergraduate or graduate student involved with fisheries research and management, natural resources management, fishing education or other work fostering the knowledge of fishing shall be eligible for this award.

Preference will be given to individuals who are involved with the conservation and restoration of wild fish, fisheries management, and/or stream and habitat restoration either through research, education, extension or include any aspect of fishing education.

Required:

A one-page NON TECHNICAL description of the proposed research project with the appropriate contact information for the student and a faculty advisor.

A letter of endorsement from your faculty advisor.

Be sure to see page two of this application for instructions.

Send your application as a PDF file to:

clswan12@gmail.com

For more information on the scholarship check the clubs by-laws at www.clearwaterflycasters.com

INSTRUCTIONS FOR THE CLEARWATER FLY CASTERS SCHOLARSHIP APPLICATION

1. A one page report on your research in layperson's terms. This is not a technical group that will be evaluating your proposal. Keep it simple as possible. The reviewers are not scientists.
2. State what the money will be used for. Equipment, travel expenses, food etc.
3. All documents submitted in PDF format.
4. Questions: e-mail clswan12@gmail.com
5. Criteria from the clubs website:*

The Bill Alspach & Dave Engerbretson Memorial Scholarship: This scholarship shall be awarded annually, or at the discretion of the Executive Committee, to one or more students at Eastern Washington University, Lewis-Clark State College, the University of Idaho, or Washington State University. Any currently enrolled undergraduate or graduate student involved with fisheries research and management, natural resources management and conservation, fishing education or other work fostering the knowledge of fisheries or fishing shall be eligible for this award. Preference should be given to individuals who are involved with the conservation and restoration of wild fish, fisheries management, and/or stream and habitat restoration through research, education, or extension.
